Routine health care is provided by camp staff and follows treatment procedures that have been reviewed by a physician. First aid and CPR certified staff are present on site and available 24 hours a day during camp operations. Designated staff are responsible for dispensing medications.

For more serious health issues, we will utilize professional medical providers and EMS when needed. Professional medical care is available within 15 minutes of the program facility.

If necessary, local mental health services will be consulted for any concerns regarding the mental or emotional well-being of a camper.

Before we begin operating programs, local EMS, Sheriff Departments, and Fire Departments are notified and provided a copy of our week's itinerary.

BEHAVIOR

Participants must be able to function independently and as part of a group. They must be able to comprehend and follow basic instructions and safety measures set out by camp staff. They must have an understanding of natural hazards (for example, roads, lakes, and heights), and be able to change clothes and use restroom facilities without assistance. Participants who do not follow the behavior standards will be asked to withdraw from the program without a refund.

MEDICATIONS

All medications, including any vitamins or over-the-counter medicines must be given to the health officer upon arrival at camp. The health officer will be responsible for properly administering the medicine daily, as directed by a physician or parent. All medications are kept under lock and key. (Exceptions may be made for inhalers or Epipens.) Campers will not be given prescription or over-the-counter medication without parent's permission.

Properly label all medicine and pack in a Ziplock bag with camper's name on the bag. Please include in the bag all medication, and a notecard. On the notecard, please have campers name, medicine name, dosage, time of day that medicine is given, and any special instructions.

ALLERGIES

If your child has allergies, please indicate them on the Camp Health Form and let the counselor know. We regularly accommodate children with food and other allergies.

ILLNESS

All campers are screened upon arrival at camp for good health prior to admission. We ask that no camper come to camp ill or with any contagious condition. We reserve the right to send your camper home if they become ill, develop any contagious condition (such as pink eye or head lice) or if they are unable to participate in the major activities of camp. If your camper cannot remain at camp due to health reasons, you will not receive a refund of camp fees.

If your camper suffers an injury or illness that requires professional medical care, is unable to participate in camp activities, or needs medication that you did not provide, we will notify you as quickly as possible.

HOMESICKNESS

Parents can help their child adjust by letting them know that they expect them to have fun. They can also encourage them to meet new friends and learn new things. It is best not to promise a child that they can come home if they are homesick. We also discourage children from making or receiving calls from home, especially if homesick. We have found that calls from home make the adjustment more difficult. Our staff works hard to help children adjust by making sure they are involved in team building and fun activities. If an emergency situation arises at home, we ask that you contact the program director.

STAFF

Participants receive a high amount of small group interaction and personal attention from staff and instructors. The counselors have been chosen for their dedication and their ability to work with young people.

- All program staff are employed by Clemson University and have undergone an extensive background check.
- The ratio of participants to staff is 8 to 1.
- Staff undergoes extensive program training.
- Counselors supervise participants 24 hours per day.
- Staff are assigned activity groups during the day and dorm groups during the evening and nighttime.
- Nighttime dorm groups may consist of up to two rooms per counselor.

INSURANCE

Each program has limited medical insurance on every participant for accidents and illnesses that occur during the program. Pre-existing illness and eyeglass/contact replacement are not covered. CULI is not responsible for eyeglasses or contacts that are lost or broken during the program.

PROGRAM ACTIVITIES

Not all activities are available to all participants, as some activities have age and/or size restrictions. These activities are subject to change, depending on weather, staff availability or acts of third parties beyond our control.

ASSIGNING OF GROUPS

The group and their counselor will do activities together all weekend. Dorm groups are assigned according to sex and age. If you have someone you want to room with, please make this request on the Participant Information Form at registration, but they must be within a year of age difference to room together. Roommates are not guaranteed.
